NSU is Selected for a Constituent of Two ESG Investment Indices :
"FTSE JPX Blossom Japan Index" and "FTSE JPX Blossom Japan Sector
Relative Index"
for the consecutive year.

NS United Kaiun Kaisha, Ltd. has been selected for a constituent of two ESG Investment Indices :
"FTSE JPX Blossom Japan Index" and "FTSE JPX Blossom Japan Sector Relative Index" for the consecutive year.

These indices compiled by the global index provider FTSE Russell, reflect the excellent ESG performance of Japanese companies in areas such as corporate governance, health & safety, anti-corruption and climate change. In addition, they are widely used to create and assess sustainable investment funds and other products. The constituent companies are considered to meet various environmental, social, and governance criteria.

These indices are one of the benchmarks used by the General Pension Investment Fund (GPIF), which manages public pension funds, for ESG investment management.

Under the NSU Basic Sustainability Policy, we will contribute to the development of a sustainable society, by continuing to make efforts to disclose ESG-related information as well as promote sustainability initiatives including solutions to environmental and social issues.
