Notice of Our U.S.A Office Relocation

We are pleased to announce that NS United Shipping (U.S.A.) Inc. is relocating its office from Rutherford, NJ to Stamford, CT at the end of March and will start business operations on April 02, 2018.

In 1975, we established Shinwa (U.S.A.) Inc in Manhattan as our first base on the east coast of the United States. Since then, we have been quite active in various trades in North/South America.

In addition to the original functions as a broking house and an agent of Tokyo headquarters, we started our own operation independent of the headquarters in 1993. The goal was to expand our business activity in the Atlantic and we have been forging new relationships with local players.

While our business goals, target markets, and growth objectives will remain the same, the company aims to become more competitive and aggressive than ever before, in order to offer high-quality service to old and new clients and better adapt to today's tough shipping world. One of the main reasons of this relocation is to seize substantially better opportunities to expand and develop our business backed by locational advantage: many key players in the shipping markets, including charterers, owners, operators, and brokers are located in Stamford, the major tramp-shipping base in the U.S.A.

We are very excited to open our new office and are looking forward to seeing many new and old friends in Stamford.
