NS United Kaiun Kaisha, Ltd.

NSU Issues “NS UNITED REPORT 2023”

NSU has issued the English version of its integrated report “NS UNITED REPORT 2023”. The purpose of this report is to provide all the stakeholders with a comprehensive understanding of our group's visions for sustainable growth, by introducing our ESG initiatives as well as management and financial strategies. We hope this will help your understanding.

Highlights of this report include:

Part1 NS United Kaiun’s Value Creation Story

In addition to the message from the top management, this report describes how our group creates new corporate value and contributes to a sustainable society.

Part2 NS United Kaiun’s Value Creation —Materiality Topics—

Through the perspectives of management and employees in the field, we introduce specific initiatives and future prospects on “safe navigation”, “environmental conservation”, “technological innovation”, “securing and developing human resources”, and “corporate governance” as our sustainability priority issues (materiality).

Part3 NS United Kaiun’s Value Creation —Business, ESG, Finance—

In the first part, the strengths and medium- to long-term challenges of our group business are discussed, and in the second part, specific ESG initiatives are presented in detail with various data.

This report is also available on our company website below.
