NSU Holds Family Workplace Tour

On August 7, NS United Kaiun Kaisha, Ltd. held its first Family Workplace Tour for the families of Group employees and executives. A total of 27 family members attended the event, which featured introductions to each Group company, a team-based quiz competition, a business card exchange with President Yamanaka, and an opportunity to try on captain and seafarer uniforms. Through these activities, participants gained a deeper understanding of the Group's business and the maritime industry.

Children who took part in the event shared positive feedback, commenting that "Working at a company looks more enjoyable than I expected" and "The quiz was fun, even though I got some answers wrong, I learned a lot about the company." The event provided a valuable opportunity for family members to see a side of their loved ones' workplace that they would not normally experience, while also fostering interaction among employees, their families, and fellow participants in a warm and welcoming atmosphere.

Going forward, NS United Kaiun Kaisha, Ltd. will continue to regard families of Group employees and executives as important stakeholders and value opportunities that strengthen the connection between home and the workplace. Through these efforts, we aim to create an environment where our employees can take even greater pride in their work.
